Lake Placid Soccer Centre Philosophy: 1.800.845.9959 or 1.315.778.8362 33 Years of Excellence
Size, age and sex are relatively unimportant to the playing of soccer. Soccer is a game of fundamentals. We teach these fundamentals through a unique skills instruction format and daily plan that provides a solid foundation for each player to utilize in order to improve their individual overall performance on the field. It is our belief that the emphasizing of individual player confidence will translate into improved play in tactical and match situations. Every soccer team is only as good as its individual players.
